Q1 – is a qualified yes. We switched to a new computer application in March 2008. Upgrade from the DOS version of FoxPro to Visual FoxPro.

Q3 – in 2005, Elisabeth O'Brien was a Chemist III. Annie Dookhan was reallocated from a Chem I to a Chem II on 5/22/05.

Q4 – EO is a Laboratory Supervisor I, responsible for the Evidence Area.

Hi Linda,

I'm preparing the motion to quash and I'm hoping you can give me some information about the lab:

1. Were the same evidence protocols that were in place in June 2011 also in place in September 2005? If not, what was different (e.g., different computer system, no computerized scanning, etc.)
2. What does the laboratory do besides test drugs for the police?
3. What were Annie Dookhan and Elizabeth O'Brien's titles in September 2005?
4. What is Ms. O'Brien's current title?

Thanks,  
Natalie
